

## Value chain due diligence under control

CSDDD mandates due diligence throughout the value chain. We track suppliers, identify human rights and environmental risk, and document remediation actions.

### COMPLIANCE

Workflow tools, datapoints, reports.

### ACADEMY

Training, certificates, exam.

### What you get

- ✓ Supplier registry with risk scoring
- ✓ Human rights and environmental assessment
- ✓ Remediation plan with follow-up workflow
- ✓ Annual CSDDD report in mandated format

#### Use case

*A textile group uses LexiCompliance CSDDD to track 800 suppliers globally, identify 12 high-risk suppliers in South Asia, and conduct quarterly audits – with full documentation for EU oversight.*
