

CSRD reporting without the chaos

Full ESRS scope with double materiality, taxonomy mapping, and ESEF/XBRL export in one system. Built for companies reporting annually under EU CSRD.

COMPLIANCE

Workflow tools, datapoints, reports.

ACADEMY

Training, certificates, exam.

What you get

- ✓ 1,144 pre-structured data points
- ✓ Double materiality with stakeholder scoring
- ✓ ESEF/XBRL export direct to authorities
- ✓ Versioned audit trail (10-year retention)

Use case

A typical mid-sized industrial group uses LexiCompliance CSRD to collect data from 30+ subsidiaries, validate against taxonomy, generate consolidated ESRS reports, and submit via XBRL – all in 60% less time than the previous year.
